# St. Katharine Drexel Shelter

Every number represents a life touched, a crisis met with compassion, and a path toward stability. Across both our single and family shelter programs, hundreds of individuals found safety, support, and advocacy when they needed it most—totaling thousands of nights of care and critical moments of intervention that changed lives.

## Single Side

## Family Side

The Drexel Youth Empowerment Program and our combined shelter services reflect the full scope of our mission—meeting urgent needs while building long-term pathways forward. With over 21,000 nights of care and thousands of advocacy hours, this work represents not just shelter, but sustained, life-changing support.

Programming, partnerships, and community presence are at the heart of meaningful impact. Through collaborative programs, educational initiatives, and active participation in community events.

We meet people where they are—equipping individuals with tools for stability while raising awareness and strengthening connections across our community. Every partnership formed and every event attended helps expand our reach, build trust, and ensure that support is visible, accessible, and ready when it's needed most.
